Project Report May 01 – Sep 30, 2022 Ukraine

"Helping Hand for Ukraine" International Relief Project Psychological Support Initiative

Bringing hope

Changing lives

"Helping Hand for Ukraine" International Relief Project

- Provides psychological assistance improves socio-emotional well-being of children and parents traumatized by Russian aggression and war against Ukraine, who are displaced internally and outside Ukraine.
- **Empowers** trainers trains psychologists, social workers and teachers to work with traumatized children using "Children and War. Teaching Recovery Techniques".

We aim to:

- Prevent PTSD and depression in children traumatized by war
- Prevent the need in specialized treatment in future
- Help children learn how to cope with stress
- Foster better social adaptation of IDPs

"Helping Hand for Ukraine"

Project goal is to improve the socioemotional well-being and psychological state of Ukrainian children and adults with war trauma (IDPs and refugees), lessen their anxiety and empower them with skills to cope with traumatic experience and to prevent PTSD and further complications in the future.

Objectives:

- To equip psychologists, educators, volunteers, social workers with innovative recovery techniques for coping with war trauma;
- To empower children and adults with skills to cope with their traumatic experience using self-help techniques, relaxation and recovery tools in conditions of intense war related stress.

"Children and War. Teaching Recovery Techniques" Methodology

INNOVATION

«Children and War. Teaching Recovery Techniques»

- developed by the Center for Crisis Psychology (Bergen, Norway) and the Institute of Psychiatry (London, Great Britain).

In Ukraine, the manual was translated and adapted by the experts from the Ukrainian Institute of Cognitive Behavioral Therapy (Lviv, Ukraine).

Funding for the translation and methodological adaptation was provided by the Canada-Ukraine Foundation.
